Our expertise

Management **on demand**
or the dynamic of a **permanent**
or temporary **recruitment worldwide**

Management on demand

by CEO Europe :

More than **2500** top executives (iCEO™) selected and certified per year, available in more than **120** countries in less than **3** weeks

Management on demand has been specially developed to respond to client needs. A sophisticated ASP software platform is the centre point of:

- A base of selected and certified top executives of key competencies in more than 120 countries
- Exclusive partners per territory to ensure direct access to local culture and networks in every country
- Exclusive partners by profession, experts in their function and industry sector
- Strategic, functional, geographical, and professional alliances

Our strength

A **unique** solution
with **multiple** benefits

The experience of entrepreneurship

Thanks to their 10 to 15 years successful entrepreneurial track record, top executives selected by CEO Europe are operational in their respective countries within a few days.

Accelerate
and secure
your
recruitment
procedures
for key
positions in
your company

Internet, recruitment accelerator

Based on a proprietary ASP software platform, the selection process of a top executive for a given assignment is reliable and fast. Whichever country concerned, it only takes three weeks from initial brief to start of the assignment.

The certification, a quality process

A rigorous selection and certification process of top executive profiles is key to the success of assignments entrusted to CEO Europe. Two fundamental criteria guide this process: the quality of the professional background and their capacity to succeed at our clients.

Our presence

Local **competences**
deployed **worldwide**

More than 2500 executive managers
certified per year, spread over in more than
120 countries in the heart of strong
economic growth areas:
North America, Europe, Asia Pacific

Nearly 85 % of CEO Europe's
assignments are cross border

Management of the key process
of internationalisation of companies:
The use of local operational
competencies
